

Wireless Blood Glucose Meter

Automatically sends results via Bluetooth to our LifeGuard SmartHome system

Integrated Bluetooth Capability

The MyGlucoHealth Wireless Meter from Entra Health Systems is the world's first integrated Bluetooth-enabled glucose meter. With rapid testing results available in 3 seconds or less, smallest blood sample size (0.3µL) and automatic coding of test strips, the MyGlucoHealth meter is the most technically advanced diabetic patient care product on the market today.

Features

- Measurements can be sent automatically via Bluetooth to our LifeGuard SmartHome systems for monitoring by a nurse in our Emergency Response Centre
- Smallest sample size: 0.3 microliters
- Fastest testing: 3 second results
- Add blood to test strips for up to one minute
- Easy-to-read display, large clear buttons
- Easy strip ejector

Specifications

- Test Range: 10-600 mg/dL (0.6-33.3 mmol/L)
- Plasma-calibrated for lab accuracy
- Auto-coding
- Power Source: 3V (Alkaline Battery, 1.5V AAA Size X2)
- Battery Life: 2,000 Tests
